To Whom it may concern,

**Re: Baker Electrical Pty Ltd**

Baker Electrical has looked after all our Kitchen Equipment within the Corporate Head Offices' for the past few years in both a Breakdown and Preventative Maintenance capacity.

Once an order is placed with them they always respond within the time frame given, the Contractors attending site are always presentable and helpful and the repairs are always carried out in a professional manner.

Yours faithfully

Kim Pratt  
Maintenance Coordinator  
Woolworths Support Offices
